## ¡Dios es Fidelidad! God is Faithful!

Dear praying Friends,

God is faithful! This is something we have learned this past month. Thank you all so much for all your prayers! We are back in Zacatecas and getting back to being busy for our Lord!

We were able to receive our new passports and all of Gabriella's Mexican paperwork. Now we are just waiting to do all the paperwork for all of us to receive our birth certificates.

We have been doing our best to faithfully serve our Lord and this last Sunday we had an all time high in attendance with seventeen people. God is good and our church is growing for his glory! Pray for us because September 16th is Independence Day in Mexico and we will be having a big day at church. Independence Day is a huge day here and we are praying for twenty-five or more people for that day. We will post photos and let you all know how it goes.

With our church growing, we are praying for a van to be able to start a bus ministry. I know our church could double in attendance rather quickly if we had a bus ministry here. We have talked to many people who have told us they want to come but cannot because they have no way to get there. We really need a van so we can bring them in. Please pray the Lord would provide this need for us so we can bus them in to hear the gospel.

Thank you all so much for all of your faithful prayers and support. Also over the past month, we received so many encouraging letters, E-mails, and messages that were so encouraging to us while the Devil was fighting us. I have always been told that the Devil fights hardest against those that are doing something for God. After this month I took a moment and looked back and said to myself "Well I guess I'm doing something right if the Devil doesn't like me this much haha."

Thank you all once again! We are praying for you all that you will keep on keeping on and doing great things for the Lord where you are. God is good all the time!

Unto the furtherance of the Gospel,

The Granger Family
